

7 step process of updating NEMLs

STEP 1

Refer to the most recent version of the **WHO Model list of essential medicines**

STEP 2

Coordinate and collaborate with **relevant partners** in-country for the NEML review

STEP 3

Meeting relevant **stakeholders**, forming a **review committee**, creating a **timeframe** and **requirements** for additions, deletions or changes

STEP 4

Collate **research** and **evidence** for submission

STEP 5

Compile the evidence, based on requirements and timelines

STEP 6

Plan to **disseminate the revised NEML**, in collaboration with MoH and relevant stakeholders

STEP 7

Ongoing monitoring and evaluation to **ensure the implementation** of the revised NEML and increase access to essential medicines
